

# STRIKE STILL IN BALANCE--LABOR HEADS MEET

## DIXON MAN SHOT TO DEATH IN IA. TOWN LAST NIGHT

### Martin Wallack's Wife Killed Him with Shotgun.

Martin Wallack, of this city, who left Dixon yesterday morning for Crick, Ia., to attempt to get his children from his wife, who had taken the children from him when they parted here two years ago, was shot to death by the woman at Crick, Ia., a small settlement near Oskaloosa, Ia., at 10 o'clock last evening.

News of the murder of the Dixon man was received in a long distance telephone call to his sister, Mrs. Esther Carlson of 85 Madison ave., this morning, the word being from the sheriff at Oskaloosa, and it gave no particulars other than that the woman had shot her husband with a shotgun, killing him instantly and asking what disposition to make of the remains.

Since the couple parted Mr. Wallack, according to his sisters, Mrs. Carlson, Mrs. Frances Heckman and Mrs. Chas. Brady, had been greatly concerned over the fate of his children. The sisters say that at the time of their separation the murdered man had given them over to the care of the children. After he had again taken them in Chicago, they state, the mother had stolen them and taken them to Crick, Ia., where the father went yesterday morning to get them.

Details of what transpired when husband and wife met were not obtainable here today, aside from the bare statement of the man's murder.

The remains will be brought to Dixon for burial, and the deceased's mother, who resides in Chicago, has also been notified.

## OFFICER IS SHOT MAKING ARREST

By Associated Press Leased Wire  
Charleston, W. Va., Sept. 24.—Don Chafin, deputy sheriff of Logan county, here to make the arrest of a man wanted for trial in that county was shot and seriously wounded today in the offices of district number 17, United Mine Workers, it is alleged, by Vice-President Petry of the mine workers' organization.

Chafin, who was shot just over the heart, was taken to a local hospital where it is said his condition is critical. Petry was arrested and taken before a justice of the peace where he gave bond in the sum of \$10,000 for his appearance before the grand jury.

## MRS. MORRIS HURD PASSED AWAY THIS MORN AT HOSPITAL

Mrs. Morris Hurd, youngest child of Mr. and Mrs. Daniel McIntyre, of 1022 Highland Avenue, died at the Dixon hospital this forenoon at 9:50 o'clock. A son, born to Mrs. Hurd Monday morning, survives.

Besides her husband Mrs. Hurd leaves three brothers: Patrick J., Daniel and Edward, and one sister, Mrs. Ray H. Leivan of Brookings, S. D. Another sister, Mrs. E. P. Cook, of Mendota, died eleven months ago.

Mrs. Hurd was born in Dixon, September 12, 1857, and was educated in the Dixon public schools and at St. Mary's school. For several years she was a faithful employee of the Dixon Home Telephone Company. On June 13, 1918, she was united in marriage to Mr. Morris Hurd of Ashton, Illinois, and immediately after the wedding ceremony her husband left for service overseas. Soon after his return to the States he and his wife fitted up a cozy little home on the Rock Island road near the city, where they resided until she was taken ill early Monday morning, when she was taken from her home to the local hospital.

She was an exceptionally popular young lady and profound sorrow over her sudden death is felt by her many friends, all of whom tender sincerest sympathy to the bereaved family. Funeral arrangements will not be perfected until the arrival of Mrs. Ray Leivan, a sister of the departed young mother, tomorrow, and they will be announced in tomorrow evening's Telegraph.

## DIXON LEGION TO MEET FRIDAY EVE

A meeting of the Dixon post of the American Legion will be held Friday evening in G. A. R. hall for the purpose of electing another delegate to the state convention in Peoria, Oct. 17 and 18. At a previous meeting one delegate was selected, but since that time the membership of the Legion has increased to 129, allowing the sending of two delegates to Peoria. If the membership should reach 215 three delegates could be selected. Dr. Moss, temporary chairman will preside. Everett Dutcher is the delegate selected at the last meeting and William Loftus was elected alternate.

Subjects likely to come before the Peoria convention will be brought up at Friday evening's meeting and acted upon by the Dixon post, in order to instruct the delegates.

## Dominant Features of Steel Strike

Cause of Strike—Refusal to recognize the unions.  
Demand of Unions—Right to bargain for the workers as to hours, wages and working conditions.  
Approximate number of employees in 1918—268,710.

Number of plants involved in the strike order—145.  
Territory covered by strike—Pennsylvania, Ohio, Illinois, Indiana, Minnesota, West Virginia, Wisconsin, Colorado and Alabama.

Wages—Unskilled help, lowest, \$3.50; highest, \$6. Skilled help, lowest, \$7; highest, \$70 to \$80.

Companies involved—United States Steel corporation and its subsidiaries, including Carnegie Steel company with 32 works; American Steel & Wire company, 35 works; American Bridge company, 14 works; American Sheet & Tin Plate company, 26 works.

## LEE CO. DAIRYMEN TO MAKE TRIP INTO WISCONSIN MONDAY

### Beneficial Tour Arranged By Lee Co. Soil Improvement Assn.

Farm Advisor L. S. Griffith, of Amboy, announces an auto trip into Wisconsin the first of next week which will be of interest to all dairymen of the county, and which it is probable will be participated in by a large number of farmers and those connected with the dairying business. The party will leave Amboy Monday, Sept. 29, at 9 a. m. They are scheduled to reach Oregon at 10 a. m. and farmers from the northern part of Lee county are advised to join them there, and all are asked to take lunch for the first day in order to avoid any loss of time for "cats."

Monday afternoon the Milford Meadows farm at Lake Mills, Wis., will be inspected, and supper, lodging and breakfast will be taken at Madison. Tuesday the University of Wisconsin Farm and the Carnation and Pabst farms at Oconomowoc will be visited. The Pabst farm is famous as having the most modern farm buildings in the United States. Tuesday night will be spent at Oconomowoc.

Wednesday Hoard's Dairyman Farm, Edgewater Farm and the James Barn Equipment Co. plant at Ft. Atkinson will be seen, and the party will reach Amboy late Wednesday afternoon.

Mr. Griffith announces that some of the best bred cattle in the United States will be seen, and that among the experts who will address the visitors will be G. C. Humphrey, in charge of Animal Husbandry at the University of Wisconsin; C. E. West, Assistant State Veterinarian; A. C. Osterhuis of the Carnation Farms; H. A. Candler of the Pabst Farms; F. C. Glover of Hoard's Farm, one of the leading authorities in dairy cattle; and D. A. Grubel of the James Manufacturing Co., an expert on "Cow Comfort."

Mr. Cole of the Amboy Milk Products Co. will assist in conducting the tour, and all who intend going are asked to notify him or Mr. Griffith, adding the information if they wish a way provided for them or if they will have extra seats in their car.

## G. O. P. CLAIMS A LEAGUE VICTORY ON LODGE BALLOT

Ind. Senator Disputes  
Wilson's Statements  
About League.

## Ind. Senator Disputes Wilson's Statements About League.

By Associated Press Leased Wire  
Washington, Sept. 24.—Exactly how far the three vote victory of the republicans in the peace treaty fight in the senate yesterday can be construed as a real index of the feeling of the senate toward the treaty and the covenant was a debatable question today among senators.

Opponents of the league accept the vote as a true line up of the senators for final action, while the democrats make light of the result and declare it means nothing.

Was Vote To Delay.  
The vote, which stood 43 to 49, was taken on a motion by Chairman Lodge, of the foreign relations committee, to postpone for one week consideration of forty or more amendments which would relieve the United States from service on commissions created under the treaty.

Although Senator Lodge's motion was to defer consideration of the amendments offered by Senator Fall, republican, N. M., until "next Tuesday" he later explained that he had chosen the date at random and it was changed to Friday.

The amendment of Senator Johnson, republican, California, designed to equalize the voting powers in the league of the United States and Great Britain is not expected now to be taken up until the senate finally has disposed of the Fall amendments.

## AMBOY, TWO-THIRDS OVER, TO OPEN LIST FOR ARMY SATURDAY

### Brooklyn and Part of Viola Reported to County Chairman.

A number of Dixon people who had failed to contribute to the Salvation Army Home Service Fund in Monday's one-day campaign, took advantage yesterday of the open subscription lists at the three Dixon banks, and as a result went to bed last evening with perfectly clear consciences, knowing they had done their duty. And feeling that there are probably scores of other citizens of Dixon township who may yet wish to acquire that "grand and glorious feeling," the committee will keep the lists open at the banks for the rest of the week, in order that the Salvation Army may get all the finance they may wish from this community.

At Amboy, where Monday's afternoon's campaign succeeded in raising but two-thirds of that township's quota the committee in charge has arranged to have the books open at the fire station again next Saturday from 1 p. m. until 9 p. m., and it is hoped by the leaders in the work there that the quota will be raised at that time.

County is Hopeful  
Reports from about the county indicate a very favorable situation in the response of the people to the call of the Salvationists, and County Chairman Mr. Bradford Brinton expresses no doubt that every township of Lee county will be on the right side of the ledger when the drive closes Saturday evening.

The eastern half of Brooklyn township joined the western half of the unit in its quota yesterday, when Charles Pradshaw of Compton telephoned Mr. Brinton he was mailing a draft for the quota of second precinct Brooklyn township, as a result of which Brooklyn joined Marion and Dixon townships in the "Over the Top" list. Mr. Pradshaw also reported the quota for the western half of Viola township had been subscribed and the draft for the amount was being mailed.

Chairman John P. Drew of Palmera where the quota is being raised in house to house canvass, told the county chairman yesterday that his township would surely meet the requirements while in Nachusa the polls are open to date and the workers there are confident the voluntary action of the residents will do the rest. Everywhere in the county the same feeling exists, and there is every reason to believe that Saturday night will find Lee county again "right" in its support of soldier benefit organizations.

## LEE CO. SHARE FOR MEMORIAL IN FORDHAM'S HANDS

### Dixon Man Named Chairman for Roosevelt Subscription.

Gov. Frank O. Lowden, who is Illinois chairman of the Roosevelt Memorial Association, has named H. L. Fordham as chairman for Lee county, and Mr. Fordham yesterday attended a meeting and informal luncheon at the Union League club in Chicago at which there were present the district and county chairmen from all over the state and at which time plans for organization of the state were discussed.

Gov. Lowden returned from Washington and presided at the meeting. Major General Leonard Wood spoke and gave the personal sanction of Mrs. Roosevelt to the work and a plan was outlined whereby every man, woman and child in the United States who was a friend or admirer of Theodore Roosevelt could have an opportunity to contribute to the memorial fund. No effort is to be made in the sense of work along the same lines as the Liberty Loan and other campaigns of that nature, but a very well organized effort to reach every person in each community and present the opportunity for voluntary subscription will be made.

Gov. Lowden said the success of this campaign in Illinois is very close to his heart and he has assumed personal responsibility for the raising of Illinois money and he is calling on all his friends in the state to help. A meeting will be held soon at Dixon at which time all persons in the county who honor and respect the memory of Theodore Roosevelt will be asked to assist in the campaign and a county organization will be perfected.

W. J. Hintz and son left this morning for New Orleans to be gone about 10 days visiting relatives and friends.

## THE WEATHER

WEDNESDAY, SEPT. 24.

By Associated Press Leased Wire  
Illinois: Fair tonight and Thursday and probably Friday; somewhat warmer in south and west portions tonight.

	66	62	Rain.
Sunday	66	62	29
Monday	72	49	50
Tuesday	69	47	
Wednesday	67	47	

## CONGRESS SEES STRIKE OPENING INDUSTRIAL WAR

### Think Steel Strike Pre- lude to Much Talked of "Show-Down."

By Associated Press Leased Wire  
Washington, D. C., Sept. 24.—Congress is inclined to view the steel strike as "the first skirmish in industrial warfare"—possibly only the prelude to the long talked of "show down" between capital and labor which many have predicted would come in the readjustment from war to peace.

Th open statement of some of the strike leaders that the strike is the start of a movement to socialize the basic industries of the country, coupled with the fact that the railway workers already have proposed in the so-called Plumb plan to socialize the transportation highways is regarded in congress as very significant.

The pending resolution by Senator Kenyon, republican, Iowa, to have the senate labor committee investigate the causes of the strike hearing both Chairman Gary of the steel corporation on behalf of capital, and John J. Fitzpatrick, chairman of the organization committee of the steel workers, in behalf of labor, is planned to open up the whole situation if possible "in behalf of the great third party—the public" as the senator from Iowa himself explains it.

Fitzpatrick will be heard by the committee tomorrow and Judge Gary will be heard Wednesday, Oct. 1.

By Associated Press Leased Wire  
Washington, Sept. 24.—Charges made in the house by Representative Cooper, republican, Ohio, that Wm. Z. Foster, secretary-treasurer of the steel strikers' organization committee, represents radical union leadership and has been active in I. W. W. propaganda will be investigated by the senate labor committee during its inquiry into the steel strike.

Will Hear Foster Also  
Chairman Kenyon said today that Foster would be summoned before the committee after John J. Fitzpatrick, chairman of the strikers' committee has been heard. Fitzpatrick telegraphed today that he would be on hand tomorrow at the opening of the inquiry. H. S. Rubin, counsel for the strikers, also may be heard.

No charge has been made in the committee's plan to hear Chairman Gary of the United States steel corporation next Wednesday.

Expect Much Interest  
Chairman Kenyon today was arranging for a large room for the committee's hearings, as a large attendance of senators, representatives and others interested is expected. He hoped to obtain the use of either the room where the peace treaty hearings were held or the foreign relations committee or that in which the selective draft drawings were held during the war.

## ENTIRE COUNCIL TO ACT WITH CO. DADS IN REPAIRING BRIDGE

Mayor Mark D. Smith at last evening's session of the city council, appointed the entire commission to act as a committee in conjunction with the road and bridge committee from the county board of supervisors in the general management of the work of repairing the Galena avenue bridge. The council discussed briefly the importance of having the work of repair started this fall if possible.

An application for permission to erect an electric sign filed by M. M. Lynds of the Brunswick billiard parlor, was referred to the commissioner of public health and safety with power to act.

The council went into session as the board of local improvements and formally accepted the concrete paving improvement on West Everett street.

## MIXED BAY RUM AND JAMAICA GINGER TO GET 'KICK'—GOT IT

Edward Peterson of this city, was arrested about 10 o'clock last night on First street by Chief Van Bibber for being intoxicated. Peterson had crawled into an automobile and there became entirely unconscious of his surroundings and whereabouts. This morning he awoke in a cell at the police station, and was later taken before Justice Hill, where he paid a fine of \$10 and costs.

Peterson had a pint bottle about two-thirds full of bay rum, which he had purchased at a drug store and which was labeled as containing 58 per cent alcohol. This is said to have been the second bottle of bay rum that he purchased during the evening. He told the police that he had been drinking Jamaica ginger.

## MOOSE MEETING TO BE OF IMPORTANCE

The regular meeting of Dixon lodge of Moose will be held at their club rooms this evening at 8 o'clock. Special business of importance to the lodge will be discussed at this meeting and a large attendance is desired. Members who are interested in the degree team movement are requested to report to H. Beckingham at the meeting this evening.

## STRIKE SUMMARY

By Associated Press Leased Wire  
Reports from all steel centers today recorded little change in the alignment of the opposing forces of the labor unions and the steel companies.

In the Mahoning Valley of Ohio the strikers' success is complete. The industry, which is the backbone of Youngstown and a score of neighboring villages, is paralyzed and all its 44,000 wage earners idle. Elsewhere the struggle is being carried on with varying success, the issue still being doubtful on the great strategic sectors radiating from Pittsburgh and Chicago.

In the Pittsburgh district the Carnegie Steel company announced today that the situation "looks good" and backed up its optimism with claims that men were returning to work in considerable numbers. As usual these claims were stoutly denied by Wm. Z. Foster, chief of staff for the unions, who reiterated his assertion of yesterday that the strike was spreading, claiming that two additional large plants had been closed today and that Homestead would be idle by the end of the week. The strikers placed pickets around various plants for the first time.

The situation around Chicago is more definite than that in the Pennsylvania region. A majority of the mills are closed an those which are still operating are doing so with reduced forces. The threatened sympathetic strike of the lake seamen seemed nearer as the result of the refusal of the crews of eleven ore freighters to dock their vessels.

Important decisions affecting the spread of the strike to allied industries are expected to be the outcome of the meeting today in Pittsburgh of the national steel workers' committee, of which Mr. Foster is secretary.

The question of summoning not only the lake seamen but union trainmen to the assistance of the steel strikers will be discussed at this meeting.

In the meantime the United States senate committee which will investigate the strike is preparing for its first meeting tomorrow when John Fitzpatrick, commander in chief of the strikers, will be the principal witness. It was reported from Washington today that this committee would also investigate charges that Secretary Foster has I. W. W. affiliations and that there are more sinister motives involved in the strike than the question of labor unionism.

Rioting and disorder still mark the progress of the struggle but so far only sporadically. The latest outbreak occurred today at Cleveland where four men were stabbed in a battle between strikers and non-strikers, two probably fatally. At Farrell, where the gravest disturbances today have been reported, the town executive, Burgess Moody, is under special guard as the result of numerous threats against his life and the streets are patrolled by large forces of state troops and deputy sheriffs.

## STRIKE BULLETINS

TENSENESS IN FARRELL.  
By Associated Press Leased Wire  
Farrell, Pa., Sept. 24.—Although all was quiet here today following last night's outbreak in which one man was killed and several persons were wounded, the situation was tense.

By Associated Press Leased Wire  
Cleveland, O., Sept. 24.—Four men were stabbed, two probably fatally, and two others were badly beaten near the entrance of the American Steel & Wire company, Newburg plant this morning in the first serious local disorder of the steel strike. The trouble broke out when a street car stopped near the plant to let off men bound for work at the mills.

YOUNGSTOWN POLICE USE PLANE  
Youngstown, O., Sept. 24.—An aerial patrol of the Youngstown strike district was established today by the Youngstown police department.

The Youngstown aviation club proffered the use of a machine which has been accepted. Captain Deeds, of the royal flying corps (Canadian) will pilot the machine. Aerial photographs will be taken of activities about the big plants and turned over to the police department.

NO CHANGE AT STEUBENVILLE.  
By Associated Press Leased Wire  
Steubenville, O., Sept. 24.—The steel strike situation here today was unchanged, with the LaBelle iron works and Steubenville plant of the Weirton Steel company closed.

BIRMINGHAM STRIKE BROKEN.  
By Associated Press Leased Wire  
Birmingham, Ala., Sept. 24.—Steel corporation officials in the Birmingham district declared today that the strike was broken and that most of the four hundred men who went out here were ready to return, while strike leaders asserted that the fight has just commenced. There has been no disorder.

TRAGEDY IN BUFFALO.  
By Associated Press Leased Wire  
Buffalo, N. Y., Sept. 24.—With the plants of the Lackawanna Steel company, Rogers Brown & Company, and the Donner Steel Company closed and additional deputies and state police patrolling the streets of Lackawanna today there appeared to be little likelihood of a recurrence of the trouble which led to the killing of one man and the wounding of several others last night.

## ONE PLANT THREATENS 6 MONTH SHUTDOWN IF STRIKE LASTS 2 DAYS

### Pittsburgh Managers Claim Strike is Be- ing Broken.

By Associated Press Leased Wire  
Pittsburgh, Sept. 24.—All the large corporations in the Pittsburgh district affected by the steel workers' walkout continued to give out optimistic reports today to the general effect that the strike situation, from their point of view, is improving. Without exception the companies canvassed announced that more men returned to work today than yesterday. In some instances, it was stated, the number was small but satisfaction was expressed by company representatives with the situation as it was progressing.

On the other hand, statements from national union headquarters here were to the effect that the strike continues to spread. No peace plans are in sight, it was said by Secretary Foster. A variety of matters affecting the conduct of the strike, including financial questions, were to come before the meeting which began in the forenoon.

The entire Pittsburgh district was comparatively quiet up to noon today.

By Associated Press Leased Wire  
Pittsburgh, Sept. 24.—Interest in the nationwide steel strike, which has been in progress since last Monday centers today in the meeting here of the national committee for organizing iron and steel workers. Those in close touch with the strike are of the opinion that the session, called by William Z. Foster, secretary-treasurer of the committee will bring out facts relating to the walkout of thousands of workers who heeded the call of their leaders.

May Extend Strike.  
Mr. Foster declares that the committee will not consider "peace plans" but will discuss the advisability of extending the strike to include seamen on Great Lake carrier vessels and union trainmen. The question of financing the strike will come up, and Mr. Foster says he will bring to the attention of the committee the "unprovoked assaults" by state troopers on strikers.

According to the secretary the union is preparing for a long struggle and he declares the workers will "fight to the bitter end."

Statements Confict.  
The strike situation in the Pittsburgh district remains practically unchanged with employers and union leaders issuing conflicting statements as to the number of men involved in the walkout. The union men declare that thousands of workers are joining the ranks of the strikers daily, and that scores of mills have been crippled. Employers say that they are pleased with present conditions which, it is announced by a representative of the Carnegie Steel company, are "improving and encouraging."

Two More Are Killed.  
Disorders incident to the strike continued in the Pittsburgh district yesterday and last night. The most serious outbreak occurred at Farrell, Pa., where two men were killed during a clash between strikers and their sympathizers and state troopers. In the disorders of Monday and Tuesday, at Farrell, Newcastle and other points, four persons have been killed, more than a score shot, many others have been slightly wounded and hundreds of arrests have been made.

OHIO MILLS CLOSED.  
By Associated Press Leased Wire  
Youngstown, O., Sept. 24.—Ohio's greatest steel center, the Mahoning valley with the city of Youngstown as its axis, is completely paralyzed. No dark clouds of smoke indicating activity of thousands of workmen obscure the skies. The sun again shines unobscured.

The steel strike, which began last Monday morning has resulted in the closing of every mill in the valley. Forty-four thousand men are idle and weekly wages aggregating approximately \$2,500,000 are unearned and unpaid.

Valley Is Peaceful.  
Throughout the valley, the same peacefulness which marked the walkout of the first men Monday continues. Picketing is almost nil at the plants and the crowds upon the streets are good natured. Little children play about the gates of the big plants. Union officials say they only wish other steel centers were as quiet as the Mahoning valley.

Today is pay day at the Youngstown Sheet & Tube company, but in view of the past peaceful attitude neither company nor city officials anticipate any trouble.

OFFICIALS "ENCOURAGED."  
By Associated Press Leased Wire  
Pittsburgh, Sept. 24.—"We feel very much encouraged" was the word that came from the Carnegie Steel Company offices a few hours after the day shift went to work this morning in the plants of that company which are in operation.

(Continued on Page 4.)

Chicago District Nearly  
Closed—Seamen's  
Strike Near.

By Associated Press Leased Wire  
Indiana Harbor, Ind., Sept. 24.—Officials of the Inland Steel company sent an ultimatum to their striking employees today that unless they returned to work within two days the company will shut down the plant for six months.

The company's furnaces are said to have cost \$2,000,000 each and the expense of starting a fire in a furnace after it has drawn is set by company officials at \$50,000.

Union labor leaders said they would ignore the warning.

340,000 MEN OUT.  
By Associated Press Leased Wire  
Pittsburgh, Pa., Sept. 24.—The meeting of the national steel workers' committee in session here recessed at 3:30 p. m. with the announcement by John Fitzpatrick, chairman, that the strike situation was satisfactory to the union leaders. A canvass of the situation, Mr. Fitzpatrick said, indicated that 340,000 men have walked out.

IMPORT STRIKE BREAKERS?  
By Associated Press Leased Wire  
Chicago, Sept. 24.—The third day of the nation wide strike in the steel industry found rumors of the importation of strike breakers into the Chicago district and reports that some of the mills idle since Monday contemplated resuming operations by nooting workers who had remained loyal.

One Riot Reported  
The only rioting in this district since inception of the strike occurred at Indiana Harbor, Ind., last night when the strikers outside the coke plants of the Mark Manufacturing company attacked about 25 men as they left work.

Men Badly Beaten  
Eight or ten men were badly beaten and were taken to an emergency hospital after Indiana Harbor police stopped the fighting. A number of shots were fired at the police but none was hit. A negro striker who carried a rifle was arrested.

The men who were attacked had remained to pull fires and prepare the plant for an extended shut down, it was stated.

Legal proceeding was resorted to by the Polak Steel company, whose plant is in Chicago, to stop picketing. A petition for a writ of injunction was filed against the amalgamated steel and iron workers, the South Chicago local of the union, and its officers and members. It was the first appeal to the law in the Chicago district.

It was reported that an effort would be made today at the plant of the Illinois Steel company in South Chicago to start one of the big rolling mills with the aid of strike breakers. Two blast furnaces have been going regularly there with 1800 men.

Ore Boats Tied Up  
Eleven ore boats carrying 100,000 tons of iron ore today were tied up in the outer harbor at South Chicago by the refusal of the crews to dock the vessels. Chicago officials of the seamen's union said that their men had voted not to strike in sympathy with the steel men. Failure to land ore would militate against resuming operations at the mills on a normal basis.

Theodore Vind, president of the South Chicago labor and trades council told five thousand striking steel mill workers last night that every steel mill in the United States would be closed down in 48 hours.

Speaker Arrested  
Federal Officers at Gary arrested Michael Velovitch, charged with making seditious utterances. The officers asserted Velovitch urged development of the strike into a revolution which should take over the government for the unions.

RESUME WORK IN CHICAGO.  
By Associated Press Leased Wire  
Chicago, Sept. 24.—It was reported that the Illinois Steel company at South Chicago was operating four blast furnaces today. Between 2,000 and 2,500 men were said to be at work today compared with 1,500 yesterday.

SLAB MILLS OPEN; TROUBLE BREWS.  
Chicago, Sept. 24.—The slab mills of the Illinois Steel Company at South Chicago were reported to be in operation today with a force of 800 men, many of them negroes. Black clouds of smoke issued from the chimneys of the plant and the noise of the machinery could be heard several blocks away.

Hundreds of strikers gathered about the gates of the buildings, many of them muttering threats. The slab mills were shut down yesterday.

GARY IS QUIET  
Gary, Ind., Sept. 24.—Order prevails here and the steel strike situation remains practically unchanged.

## SCENERY ABOUT DIXON COULD BE MONEY PRODUCER

### Famous Landscape Art- ist Tells of His Impressions.

William E. BlizZard, landscape architect, who recently spent a short time in Dixon, was extremely pleased with the beauty and attractiveness of this city, and he has written the following article on Dixon and its possibilities. This is a wrong attitude, because we find when looking around that some communities have already adopted these more modern ideas and are attracting from our midst thousands of dollars each year. And so it is—not only with Dixon, but other towns around.

For Dixon I see the greatest future imaginable, if immediate advantage be taken of the features thrown at the feet of the residents. Nature has been magnificently generous toward Dixon. This wonderful river, with a bank of unusual beauty, the islands, the hills and land contours surrounding are all so attractive in their natural effects that it has afforded me the greatest pleasure to have this opportunity to drive through the community. Your streets, while somewhat narrow, and which must be given much thought owing to traffic conditions which will develop as the automobile increases, are pleasant and have not, as have so many other towns of this size, an unpleasant effect upon the stranger. The setting and general state of appearance of your homes are above the average, which indicates a good community pride. But more yet should be done to make this a town talked of and about for miles around, and this can be done. In fact, Dixon will in time become a splendid residential center, because the live men at the head of things here, assisted, and often led by the ladies, will make it that as well as a commercial center, if not a good manufacturing town.

Crown Point, Ind., is now attracting the heads and leading men from industrial Gary, owing to the nearness of Cedar Lake, with its bathing, boating, fishing and dancing amusements, and these men will build their new homes at Crown Point. With the great possibilities Dixon has why not wake up to them at once and grasp the opportunity before the other communities begin their activities. Dixon can do what others have done—if she tries.

William E. BlizZard,  
Landscape Architect and  
Town Planner.

#### Americans Pay Well.

No people in the world will pay more for such forms of amusement and recreation than we Americans. One of the principal reasons why so many thousands of Americans spend great sums of money traveling in this country and Europe, is in search of these forms of amusement, providing such entertainments are accompanied by beautiful surroundings. And no people in the world pay so much for esthetic features. Each year sees a great number of palatial hotels being put into operation, with the expenditure of millions of dollars for accommodations amid esthetic and fascinating surroundings. And why isn't Dixon on the way bidding for some of these dollars? This is not an impossibility, because it is a fact elsewhere, and will become more a fact each season.

No people in the world have the beautiful home that we found among the middle classes in this country, and today we are demanding the abolition of slums, potential slums, and unsightly features which have in the past detracted so much from our smaller towns and cities, decreasing realty values immensely. While we are looking forward to the betterment of those things, why not go a few steps farther and hope for the creation of more

beauty in our communities? This we find is being done in more progressive places in America. Each year finds us creating in towns of all sizes the things—parks, playgrounds, places for healthy amusement, better housing conditions, more attractive yards, and better sanitary management, which we have been looking forward to for so many years.

#### Don't Recognize Necessity.

But we still hesitate to recognize the actual necessity for the more unusual things which we have too often thought esthetic and therefore unnecessary. This is a wrong attitude, because we find when looking around that some communities have already adopted these more modern ideas and are attracting from our midst thousands of dollars each year. And so it is—not only with Dixon, but other towns around.

For Dixon I see the greatest future imaginable, if immediate advantage be taken of the features thrown at the feet of the residents. Nature has been magnificently generous toward Dixon. This wonderful river, with a bank of unusual beauty, the islands, the hills and land contours surrounding are all so attractive in their natural effects that it has afforded me the greatest pleasure to have this opportunity to drive through the community. Your streets, while somewhat narrow, and which must be given much thought owing to traffic conditions which will develop as the automobile increases, are pleasant and have not, as have so many other towns of this size, an unpleasant effect upon the stranger. The setting and general state of appearance of your homes are above the average, which indicates a good community pride. But more yet should be done to make this a town talked of and about for miles around, and this can be done. In fact, Dixon will in time become a splendid residential center, because the live men at the head of things here, assisted, and often led by the ladies, will make it that as well as a commercial center, if not a good manufacturing town.

Crown Point, Ind., is now attracting the heads and leading men from industrial Gary, owing to the nearness of Cedar Lake, with its bathing, boating, fishing and dancing amusements, and these men will build their new homes at Crown Point. With the great possibilities Dixon has why not wake up to them at once and grasp the opportunity before the other communities begin their activities. Dixon can do what others have done—if she tries.

William E. BlizZard,  
Landscape Architect and  
Town Planner.

### Chicago Puzzled By Belated Relief Fund

By Associated Press Leased Wire

Chicago, Sept. 24.—The Chicago association of commerce is considering what disposal to make of \$4,172.71 forwarded to it by the joint City and Midland bank of London, England. The money was raised by English men, women and children for the sufferers from the great Chicago fire of 1871. The contribution was lost in the bank's ledgers and only recently found, when it was decided to send the money on despite the delay.

## MEDICAL ARMY BEING MOBILIZED BY STATE TO FIGHT INFLUENZA

### State Department Issues Warning to People Against Epidemic.

Springfield, Ill., Sept. 24.—The Illinois Department of Public Health is now putting the finishing touches on its preparations for defense against a possible invasion of influenza this fall and winter. Medical forces are now being mobilized and will be held in readiness to meet any emergency that may arise.

The State Director of Health, Dr. C. St. Clair Drake, acting under authority from the United States Public Health Service has issued a call through the county medical societies for two hundred physicians for service in communities where the demand for medical attention may be greater than the local doctors can supply. When members of this reserve force are called for duty they will be paid at the rate of two hundred dollars per month with an additional allowance for traveling expenses and four dollars per day for subsistence.

**New Quarantine Rules.**  
New regulations for the control and suppression of both influenza and pneumonia based upon the experience and best judgment of health experts throughout the country have been issued by the State Health Department. Some of the more important provisions of these rules are as follows:

1.—Every known or suspected case of influenza or pneumonia of any form must be immediately reported to a local health officer. In the absence of a medical or nursing attendant the responsibility for reporting the case rests upon the head of the household. In the interest of public safety bronchitis and "bad colds" with fever and grippiness shall be regarded as suspected cases of influenza and so reported.

2.—Persons upon whom a case or suspected case of influenza or pneumonia exists shall be quarantined and placarded with a warning card placed in a conspicuous location at all outside entrances to the house or flat as the case may be. Occupants of the premises who come in contact with the patient or attendant shall be confined to the premises. Visiting on premises on which a case of influenza or pneumonia exists is strictly prohibited.

3.—Persons residing on infected premises and those suffering from "bad colds" or other suspicious illness are prohibited from attending public or private gatherings of every kind, including theaters, churches, schools, lodge or other meetings, social functions, etc.

4.—Penalty for violation of these regulations is a fine up to \$200 or imprisonment in the county jail up to six months, or both, in the discretion of the court.

5.—Under the statutes it is incumbent upon every state, county and municipal

official to enforce the rules of the state health authorities when requested to do so. The State Department of Health so orders.

**Epidemic Probabilities.**  
Commenting on the probability of another epidemic of influenza Dr. Drake said:

"Nobody can say with any degree of certainty that we shall experience another epidemic of influenza this fall or winter. In all probability we shall have more than the usual number of cases of influenza and pneumonia and a higher mortality than normal, but among experienced and observant health authorities the opinion prevails that we shall not encounter anything approximating the calamitous conditions of a year ago."

"It is quite probable also that the infection will be less virulent than a year ago and, therefore, the mortality rate should be considerably lower."

"Notwithstanding this more optimistic outlook health authorities everywhere are preparing to meet any emergency that may arise. Preparedness is the plan of every efficient health organization."

#### It's Up To The People.

"By far the most important factor in the prevention of an epidemic is proper conduct on the part of the people. All the health officers in Christendom cannot prevent the spread of infection if the people carelessly or willfully disregard the prescribed methods for control. It's up to each and every citizen to faithfully and painstakingly observe the instructions and to enforce the regulations designed for the prevention of the spread of infection. This not only applies to influenza and pneumonia but also with equal force to other contagious or infectious diseases."

"Much has been said on the efficiency of anti-influenza vaccines. To the num-

### TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo, the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read the large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

erous requests for an expression of our opinion on their protective value we are compelled in all honesty to reply that 'We don't know—their use can do no harm.'"

### SOY MAY CLINCH PENNANT TODAY

By Associated Press Leased Wire

Chicago, Sept. 24.—With the opening date for the world's series set and all seats for three games at the Chicago American league park sold for the White Sox today were out to take the single game needed from St. Louis to validate the arrangements. Eddie Cicotte, White Sox pitching ace, had been specially groomed to hurl a victory today and thus clinch the pennant. Or their five remaining games, Chicago needs but a single game.

Planning their hopes to a Sox victory today local followers hoped for a Detroit victory over Cleveland should St. Louis trounce the league leaders.

With four games more to play, a single loss would put Cleveland out of the running.

### NEWS FROM DIXON

The Y. M. C. A. Board of Directors met Tuesday evening with the membership committee to discuss the plans of the membership campaign which is to be next week. General plans were outlined and men selected to take charge of the various precincts during the canvass for new members and renewals of old memberships.

Mr. Kuhn, physical director, is forming a medical board composed of Dixon physicians who will give all members entering gymnasium classes a medical examination.

J. E. Hauter, one of the State Y. M. C. A. secretaries, spent a few hours in the local Y Tuesday. He is spending a day in the interest of the Lee county Y work.

Mr. Reeder, Superintendent of Schools, has accepted the position of chairman of the Boys' section of the Y membership campaign.

The volley ball enthusiasts are coming to life after the summer's rest. Last Saturday 13 of the bugs staged a hot game in the gym and tonight at 5:30 there will be another game at the Y.

### PRESIDENT IN CHEYENNE, WYO.

By Associated Press Leased Wire  
Cheyenne, Wyo., Sept. 24.—Cheyenne prepared today to welcome President Wilson, who will arrive here at 4 o'clock this afternoon.

The president's train entered the state shortly after 1 o'clock this morning. Upon his arrival the president, escorted by the famous "black horse" troop of the fifteenth cavalry now stationed at Fort D. A. Russell, will go immediately to a theater to deliver an address. He will leave Cheyenne at 7 p. m. for Denver where he will speak on Thursday morning.

Grace Church Aid—Mrs. C. A. Garrison, 608 East Chamberlain St.

**Thursday**  
Thursday Reading Circle—Mrs. A. Ackert, East Boyd St.  
W. C. O. F.—K. C. Hall.  
Inter Nos Circle—Mrs. Dave Boos.  
Dorcas Society Meeting—Congregational Church.

**Friday**  
C. C. Circle—Mrs. William Slothower, Mystic Workers—Miller Hall.  
St. Agnes' Guild Luncheon—Mrs. Lewis Petre, Assembly Park.  
M. E. Aid Society—Church.  
Presbyterian Missionary—Mrs. A. L. Livingston, 409 E. Third St.

### WAR MOTHERS' COUNCIL

The members of the Lee County War Mothers' Council met in regular session Tuesday afternoon in G. A. R. hall with forty members present. Mrs. Chessman, of Chicago, one of the charter members, was here for the meeting. A rather conspicuous condition prevailed, in that every officer was present and in her chair. Mrs. Tryon Rosbrook, the president, has the honor of having attended every meeting since the organization of the society, and holds this honor alone.

The meeting opened with scripture reading by the chaplain and with song. The treasurer's and secretary's reports were heard and approved. Sundry letters of importance concerning the War Mothers' Council and the convention which is to be held in Baltimore, Oct. 6, 7, 8 and 9, were read.

The president, Mrs. Rosbrook, and Mrs. Brenner will attend this convention as delegates from the local council.

Discussion of a dinner to be held during the autumn months, probably in November, occupied some time.

Mention was made of the gift of ten dollars to the Salvation Army fund by the Council. In the organization are many mothers of sons who were cheered by the doughnuts and pancakes of the Salvation Army lassies and the gift was one of thankfulness and love.

The discussion of current events occupied a half hour before the closing song, America was sung and adjournment taken.

### PRACTICAL CLUB MEETING

The Practical club held an especially pleasant meeting Tuesday afternoon at the home of Mrs. W. D. Anderson. Mrs. Swinn read a very interesting paper on General Pershing and Mrs. Keyes gave the current events. Piano music added charm to the program. Miss Mary Evelyn Miller giving a pleasing solo and the Misses Aleta and Janet Anderson, daughters of the hostess, played a well-rendered duet. A number of ladies were elected to membership during a brief business session. The hostess served delicious refreshments at the close of the program. The next meeting of the club will be held in three weeks with Mrs. C. A. Buchner.

### U. C. T. AUXILIARY

The members of the U. C. T. Auxiliary held a meeting Tuesday afternoon at the home of Mrs. C. E. Hill. At the short business session held, it was decided that the October meeting should be held at the home of Mr. and Mrs. Sidney Miner and should be a Halloween party and scramble supper, to which the families, as well as the members, are invited. A piano duet by the Misses Grace Johnson and Miriam Deveny was greatly enjoyed. The hostess served a dainty tray luncheon after adjournment.

### PRESBYTERIAN MISSIONARY

Mrs. Livingston, 409 East Third St., will have the meeting of the Presbyterian Missionary society on Friday afternoon at 2:30 o'clock. Mrs. Burdick is to have charge of the Devotional service and Mrs. Bert Raymond will have a paper on "Alaska—Its Schools and Hospitals."

### WERE MARRIED IN JUNE

In Monday's publication an item from a Springfield correspondent stated that E. J. Shafer, 339 Lincoln Way, Dixon, and Jessie Jones, of 408 W. First street, were licensed to wed in Springfield, Sept. 22nd. Mrs. W. E. Shafer, mother of R. J. Shafer, states that the date is incorrect as her son and Miss Jones were licensed and wedded on June 24th, this year, and have since been making their home in Granite City where the young man is employed. The news of the wedding was also noted in a June publication.

### HOUSE-WARMING

Twenty-seven members of the Sunshine Class of St. Paul's Lutheran church went to the home of Mrs. Anna Esterly on Upham Place last evening and gave her a surprise house-warming. Mrs. Esterly has just recently moved into the residence she purchased from the Samuel Hoon estate. Each guest brought a gift, some article useful in housekeeping. The evening was passed socially with enjoyable music furnished by Mrs. Boyer on her guitar.

### HOUSE-PARTY FOR GUEST

Miss Elizabeth Eberly returned to her home in Lincoln, Ill., today, after being a guest for the past week at the home of Mr. and Mrs. O. L. Gearhart, of 620 North Crawford avenue. Mr. and Mrs. Gearhart entertained with a week-end house party for their guest, Miss Catherine Beal, of this city, Clyde Ross, of Monmouth and M. M. Small, of Lincoln.

### ST. MARGARET'S GUILD

St. Margaret's Guild of St. Luke's Episcopal church will hold its first meeting of the season at the home of Miss Mary Morrison this evening at 7:30 o'clock. All members are invited.

### DORCAS SOCIETY MEETING

The meeting of the Dorcas society of the Congregational church will be held at the church Thursday, September 25, at 2:30 o'clock. A good attendance is desired.

### M. E. AID SOCIETY

The Aid society of the Methodist church will meet Friday afternoon at the church. This is the first meeting of the year and a large attendance is desired.

### HOME COOKING SALE

A sale of home-cooked good things will be held by the members of the Woman's Relief Corps at the Mathias Grocery on Saturday.

### W. R. C. FOOD SALE

W. R. C. Food Sale Saturday at Mathias Grocery. Every member is requested to donate for this sale.

### WEEK'S OUTING

Dr. and Mrs. W. J. Worsley leave today for a week's outing up river on the Espy houseboat.

### AT NACHUSA TAVERN

Mrs. George Steel has taken up her residence at the Nachusa Tavern.

### FOR VACATION

Miss Ruth Mathias is expected home

from Washington the 5th of October to spend her vacation here. She is in government service there.

### INTER NOS CIRCLE

A meeting of the Inter Nos Circle will be held Thursday afternoon at the home of Mrs. Dave Boos.

### VISITED IN PEORIA

Mr. and Mrs. Clyde Cortright returned Monday evening from a visit in Peoria of several days with Mr. and Mrs. Robert Wrigley.

When you need engraved calling cards ask to see our samples. B. F. Shaw Ptg. Co.

**WANTED**—12 or 16 gauge shot gun. Price must be right. Call 76.

## CO. F HAD GREAT PRACTICE ON RANGE

Company F's stay on the rifle range at Camp Logan Sunday and Monday developed the fact that there are some mighty good shots in the personnel of the company and that with a proper amount of practice some splendid sharpshooter material could be developed.

About thirty of the men who went to the range Sunday under the command of Lt. Decker found their stay there beneficial. They had practice in shooting at targets at distances of 200, 300 and 500 yards; the shots being scored and the men receiving the scores at the conclusion of the practice.

## ANOTHER DEKALB FACTORY CLOSED

The steel strike at the DeKalb plants of the American Steel & Wire Co. assumed more serious aspects yesterday when another plant was forced to close. The second plant to close was one which depended on the drawing plant for wire, and since the latter was the first of the branches in DeKalb to close the supply of wire stopped. The strikers staged a big demonstration late yesterday afternoon when they paraded through the streets of the city on their way to the company offices to draw their pay. Many special police were on duty to prevent any disturbances.

### BARBECUE AT ROCHELLE

Rochelle is making preparations for a big fighters' barbecue to be held there Oct. 9, at which time soldiers of Ogle and surrounding counties are welcome to attend. The committee in charge of the preparations has been hard at work for some time and it looks as though they were going to show the boys a fine time. Besides five musical organizations, they will have two separate boxing contests, two separate wrestling matches, and fifteen vaudeville acts.

Particular housewives use white paper for pantry shelves and bureau drawers. We have a new supply. B. F. Shaw Ptg. Co.

## SANDRA THE JEALOUS

By JANE PHELPS.

### OPTIMISTIC YOUTH

#### CHAPTER LXXXI

On the train I spoke of Mother's visit to us, and thanked Everett for inviting her and Dad.

"You do not need to thank me, Dear. Your Father and Mother will always be welcome in our home. The reason I did not wish them to come before, you know—I did not want you to appear to a disadvantage; neither did I want them to get the idea that you were an abused wife because I couldn't let you do as you pleased in all things. Your Mother was not keen that I should marry you—because of my age, so near her own. I felt I could make you happy if I had time. I may fail, but you have learned to handle yourself better, and shall no longer be denied the pleasure of entertaining your own people when you wish."

"Thank you, Everett. May I have Buster and Toodles too, some time?"

"Of course you may! Any time you like. They are great boys, both of them. I shall enjoy having them. Don't ask them during their school term. They are at an age when it is quite necessary their school routine should not be interrupted. But ask them in vacation."

"That will be nice. I am so glad you like them."

"No one could help liking the little beggars," which was great praise from Everett.

Youth would not so often be disappointed if youth were not so optimistic. Because Everett had been kind, because he had appeared to good advantage in my home, because he had shown me attention, I built air castles of what he would do when we reached our own home again—air castles that crumbled before we had been home an hour.

He did not go up to the house with me, but stopped at the office to "look over the mail." I asked to be allowed to wait, but he told me impatiently:

"Drive on home, Sandra—I may be some time."

"You will be home for dinner?"

"Yes."

He was only a little late, but as far as I was concerned he might as well have remained down town. I saw him, I heard him speak when he wished something, but as far as his knowing or caring about me—as far as his being company for me—I might as well have been looking at a picture of him placed in a chair at the foot of the table; or talking with him over the long distance telephone where the service was so bad I had to wait an unconscionable time for an answer.

I asked him if he found everything at the office all right. He made no reply. Added to the hurt of being ignored was the hurt that he never confided in me in any way, that as far as his affairs went, we were strangers. He had that firm, determined look or his face all thru dinner that used to frighten me to speak, but which now made me feel so shut out.

"Go to bed early. You look tired," he remarked as he rose from the table.

"Are you going out?" a cold hand seemed to clutch my heart as I asked the question. Was he leaving me to hurry to Irma Barton?

"Yes," shortly. "I may be late. He kissed me lightly, as if it made no difference whether he kissed or not, I thought bitterly as the front door closed and I stumbled up stairs, scarcely able to see for my tears.

"Oh, Everett," I said aloud when I reached my room. "I keep thinking you are going to be different, and you never are. You act as if you cared a little, then as if you didn't care at all."

It was as I have said. The optimism engendered by his occasional show of affection, made harder the times like this when he seemed cold, hard, and unthoughtful of me.

I had been so pleased at our welcome.

All the servants, as well as Mrs. Gray, had seemed so pleased to see me. I felt they must like me to be so glad to have me back. The dinner, too, had been an extra effort on Mrs. Gray's part, and cook had carried out her instructions faithfully. Had Everett only remained at home with me, reading or smoking, I would have been perfectly happy. As it was, I was—perfectly miserable.

Tomorrow—Sandra Is Impressed.

### CAPITALIZATION

	Authorized	Outstanding
7% Cumulative First Preferred Stock (par value \$100)	\$5,000,000	\$3,500,000
7% Non Cumulative Second Preferred Stock (par value, \$100)	\$5,000,000	\$3,500,000
Common Stock (no par value)	125,000 shares	125,000 shares

Full particulars regarding the issue are given in a letter from Mr. H. M. Wallis, President, which has been summarized as follows:

### Organization

The J. I. Case Plow Works Company has been incorporated under the laws of Delaware for the purpose of acquiring and bringing under one management and control the property and business of the J. I. Case Plow Works and the Wallis Tractor Company, both of Racine Wis. The business of the J. I. Case Plow Works was originally established as the Case-Whiting Company in 1876, with Mr. J. I. Case as its first president. It has continuously engaged in the manufacture of plows and a line of tillage implements.

The business of the Wallis Tractor Company was organized in 1912 and since its inception, the Company has engaged exclusively in the production of the well known "Wallis" Tractor.

### Earnings

The net profits before taxes of the J. I. Case Plow Works for the two years and of the Wallis Tractor Company for the two and one-half years ending June 30, 1919, combined, were at the average annual rate of \$755,737, or over three times the first preferred stock dividend requirements.

For the present fiscal year net profits before taxes are estimated in excess of \$1,250,000, or over five times the dividend requirements on the First Preferred Stock. Federal taxes for said period are estimated at only \$130,000.

### Assets

Total net assets exclusive of good will are \$7,272,713.02, or over \$200 per share, and net quick assets alone, \$4,375,237.50, or over \$125 per share, for the First Preferred Stock.

### Safeguards

The Company agrees to maintain at all times net quick assets equal to 100% of the par value of the outstanding First Preferred Stock.

Additional First Preferred Stock cannot be issued without the consent of three-fourths in amount of the outstanding First Preferred Stock, unless the net assets of the Company equal 200 per centum and the net quick assets equal 125 per centum of the par value of the First Preferred Stock outstanding and that to be issued, and unless also the net earnings of the Company for the 12 months immediately preceding a period of three months prior to any additional issue of stock, shall equal at least three times the annual dividend on the First Preferred Stock outstanding and that to be issued.

The Company has no funded debt or floating debt, and agrees, while any preferred stock is outstanding, not to create any mortgage or other encumbrance upon any of its property (except purchase money mortgages or liens on property hereafter acquired) without the consent of three-fourths in amount of the First Preferred Stock outstanding. Sole voting power is vested in the First and Second Preferred Stocks in the event two quarterly dividends upon the First Preferred Stock are unpaid, such sole voting power to continue with the Preferred Stocks until all accrued and unpaid dividends are paid upon the First Preferred Stock.

Price, 97 and accrued Dividend

The above information and figures are taken from sources which we consider trustworthy, and while not guaranteed, they have been relied upon by us in the purchase of these securities for our own account.

In Dixon, by carrier, 15 cents per  
week or \$7.50 per year, payable in ad-  
vance.By Mail, in Lee or adjoining counties:  
Per year, \$4.00; six months, \$2.25; three  
months, \$1.25; one month, 50c.By Mail, outside Lee and adjoining  
counties: Per year, \$5.00; six months,  
\$2.75; three months, \$1.75; one month,  
60c; all payable strictly in advance.

## THE LEAGUE AND THE LEADER

Three months in jail, the sentence of  
a petty offender, was imposed on Presi-  
dent A. C. Townley and former Organ-  
izer Joseph Gilbert of the Non-Partisan  
league, after they were convicted of  
conspiring to teach disloyalty. These  
sentences come while a current mag-  
azine is carrying Charles Edward Rus-  
sell's account of a great growth of the  
Non-Partisan league in the west.It would be interesting to have Mr.  
Russell investigate the league today in  
the states of its first growth. It is only  
natural to expect that there he would  
find it dwindling and weakening. The  
league came into existence professing  
reform, and aimed its attack at real  
problems. It had a reason for existing,  
and a great opportunity for work.But American common sense has al-  
ways required that reform shall be  
based on the Constitution, and shall be  
loyal to the flag overhead, and shall be  
carried out in a democratic manner.  
The doom of the league was fixed in loy-  
al districts as soon as leaders exposed  
themselves to a charge of disloyalty.No program of reform could balance  
such a charge against a leader of the  
league or a leader of the German Amer-  
ican alliance. And perhaps the leaders  
of the league rejoiced when many mem-  
bers would read nothing but the or-  
ganization newspapers, as if refusing  
to think anything but organization  
thoughts. But no such condition can  
last in America, because such an atti-  
tude is fundamentally un-American.The Mormon church, with its roman-  
tic faith, its Biblical note, its imposing  
claims of prophetic heritage, might  
have captured millions of converts in  
America in its early days. But Brigham  
Young made it an autocracy, and the  
autocrat blundered like other czars. He  
proclaimed polygamy, a monstrosity  
more odious than the glamorous pre-  
tensions of the Golden Bible were allur-  
ing—and he proclaimed the end of his  
dominion. So it will be said doubtless,  
that this Townley, who had great in-  
fluence and great opportunity when he  
proclaimed reform, made his critical  
blunder when he offended the funda-  
mental American sense of his own peo-  
ple, and the calm patriotism of many  
possible converts, and thus blighted  
his own cause.Townley has asked for a new trial. He  
may get it. He might be acquitted. If  
he does not meet with this success, all  
the history of organizations indicate  
that his organization will now decline,  
and that the reforms it proposes must  
be undertaken, if at all, by other hands.  
—Toledo Blade.

## FRITZ, HOME FROM ENGLAND

The only German soldiers who ever  
reached England during the war are  
about to return. They are the prisoners  
captured in the battles in Belgium and  
France, and located in prison camps.Their war experiences are doubtless  
as interesting as those of any of the  
war's adventurers. They marched to  
the railroad stations attended by shout-  
ing crowds. Every detachment that left  
was expected to succeed in piercing  
through to Paris. In the wild intoxica-  
tion of kaiserism each soldier may have  
had dreams of how he would behave  
while in captured London. What low-  
er, bestial pictures filled the minds of  
the baser sort can only be guessed by  
recalling the horrors of Belgium.These men indeed pierced to Paris!  
They indeed reached the English shore!  
And they were treated consistently  
with a distant and scornful magnani-  
mity. The English treated war prisoners  
well, by system. They even issued a  
book with photographs of their prison  
camps, and distributed this book wide-  
ly. The captured Teutons fared better  
under their captors than they could  
hope to fare if under discipline by their  
own officers.Yet they were prisoners, and the war  
went on without them. In vain their  
roaring parade to the railroad station.  
In vain their farewells to the wife and  
children, or the old parents, hoping to  
greet them later at a new homestead  
in conquered France! In vain the legend  
stamped on the glittering helmets"Fuer Kaiser and Vaterland"—with the  
kaiser an exile from humanity and the  
fatherland weeping for her children. In  
vain, and worse than in vain, these  
crimes against women, crimes against  
babies, submarine piracy and aerial  
massacres, all the espionage and  
treacheries, all the blood of friend and  
foe that dripped over continents and  
oceans.Welcome home, Fritz, with such wil-  
kommen as can be given by a home  
deserted if not destroyed! Welcome  
home, in the same August weather in  
which the first of you marched away!  
Here is the village, the farm, the an-  
cient forest, where your ancestors sleep  
and where you gayly buried your better  
self, and your nobler possibilities, your  
mirth and song and hearty German  
cheer, before you marched forth with  
Lucifer to fight against God. Welcome,  
the broken-hearted to the heart-broken,  
welcome!30 YEARS AGO IN  
DIXON TELEGRAPHThe Anderson Drug Co. re-opened the  
store formerly known as the Foote  
Drug Store.Mr. and Mrs. W. E. Cole returned to  
Dixon from Elmwood, Neb., to make  
their future home here.Mrs. Nina Heckman returned from  
an extended visit in Nebraska where  
she went for her health, which was  
greatly improved by her stay.L. W. Mitchell, of Palmyra, was in-  
vited by the officials of the Interna-  
tional Fair of Detroit to be one of the  
judges of its exhibit of porries.The new bandstand at court house  
park was dedicated with a big concert  
by the Henderson Shoe Factory band.TEN YEARS AGO IN  
DIXON TELEGRAPHFrank Chiverton purchased the An-  
tione Harma property at Fellows street  
and Hennepin avenue.Miss Mary McCoy went to Chicago  
to take up the study of nursing at St.  
Bernard's hospital.George J. Downing and bride return-  
ed to Dixon from an extended honey-  
moon tour in the east.

## NOTICE.

On account of "Rosh Hashonah" our  
place of business on River street will  
be closed all day Thursday and Friday  
Sept. 25th and 26th.

32412 SINOW &amp; WIENMAN.

HOG CHOLERA NOT  
SERIOUS IN THIS  
COUNTY, SAYS JONESLee county has been very fortunate  
in not having been affected by the hog  
cholera scourge that has for weeks past  
caused heavy loss among farmers in  
this vicinity. The disease has caused  
great loss in the vicinity of Hazelton,  
in Ogje county and has probably been  
at its worst near Mt. Carroll.Dr. F. B. Jones stated today that in  
the vicinity surrounding Dixon there  
was very little cholera among the hogs  
while in the southeast part of Lee  
county, there had been a slight loss  
and several herds were threatened with  
infection. Among the pure bred rais-  
ers vaccination has been resorted to  
extensively and is believed to have  
been of great assistance in preventing  
a spread of the disease in this immed-  
iate vicinity.\$1,000 SOW DEAD;  
OVERCOME BY HEATCharles Hey, manager of Governor  
Frank O. Lowden's Mississippi farm,  
south of Oregon, has lost one of the  
highest valued brood sows in his herd  
of Duroc Jerseys. Mississippi Belle, a  
pure bred sow, purchased early last  
spring from the Swartz & Miller stock  
farm in South Dixon, died last week as  
a result of being overcome by the heat.  
Only a short time before its death, Mr.  
Hey had refused an offer of \$1,000 for  
the sow, which was wanted by a breeder  
in Texas.

## GRACE CHURCH MEETING.

The semi-annual congregational  
meeting of the Grace United Evangelical  
church will be held on Thursday  
evening, September 25th. The meeting  
will be preceded by a short devotional  
service in charge of the pastor.Do not "junk" your worn casing—  
bring it to us for an inspection of its  
carcass to see if it is worth retreading.When we say it will pay to RE-  
TREAD we mean that the way we re-  
tread—with a modern plant, choice ma-  
terials and exacting care.OUR RETREADS are guaranteed  
they save the motorist money.

Reasonable figures.

In New York Victory Parade with First Division

FRANCES J. GULICK

MARJORIE SKELDING

GERTRUDE ELY

ETHEL GREIGHTON TORRANCE

MARY N. ARROWSMITH

These five smiling Y girls, who were away up front with the First Division shared the glory that New York  
bestowed upon the men in khaki when they marched up Fifth Avenue through a triumphal arch of cheers. The  
Red Triangle woman had their honor places in the victory procession, and as they swung by a distinct cheer was  
their award. In the group are Miss Gertrude Ely, Brya Mawr, Pa. first woman to cross the Rhine, and a  
winner of the Croix de Guerre for valor with the First Division; Miss Ethel C. Torrance, cited for her cantica  
work with the First Division; Miss Francis G. Gulick, a year with the gallant First; Miss Mary N. Arrowsmith,  
another Croix de Guerre holder, who served thousands with coffee and doughnuts as a Y. M. C. A. worker, and  
Miss Marjorie Skelding, with the First right up to the signing of the Armistice.

## BECKER-LAUER—

The marriage of Miss Anna Pauline  
Lauer, daughter of Mr. and Mrs. Michael  
Lauer, of Sublette, and Charles M.  
Becker, son of Mr. and Mrs. Jacob  
Becker, of Maytown, took place this  
morning at 7 o'clock at the Sublette  
Catholic church, with Rev. Fr. Shu-  
macher officiating. The groom's sister,  
Miss Elizabeth Becker, and the bride's  
brother, Ralph Lauer, were the attend-  
ants. Both the bride and her maid or  
honor were tailored suits, the former's  
of blue and the latter's in taupe. After  
the ceremony a wedding breakfast  
was served at the bride's home to the  
wedding party and the immediate rela-  
tives of the bride and groom. The happy  
couple departed soon after on a  
western trip. They will return to make  
their home on a farm near Sublette.

## MISCELLANEOUS SHOWER—

Mrs. Charles Boer entertained with a  
miscellaneous shower last evening in  
honor of Mrs. Roy Crabtree, a recent  
bride. The guests numbered ten, all  
intimate friends of the bride. A two-  
course luncheon was served, with asters  
and greenery forming the table center-  
piece. An evening of music and chat  
followed. Mrs. Crabtree was the re-  
cipient of many beautiful gifts.

## THEATRE PARTY—

Miss Genevieve Simonson entertain-  
ed with a theatre party last evening.  
Misses Eva Shepherd, Bessie Sworn and  
Marie Hayes. The affair honored Miss  
Shepherd, who soon leaves for her new  
home in Ohio.

## TO VISIT MOTHER—

Roy Mueller, of Chicago, is expected  
to come out from Chicago today to vis-  
it his mother, Mrs. Theo. Mueller and  
sister, Miss Alma.It his mother, Mrs. Theo. Mueller and  
sister, Miss Alma.

## FOR MOTHER'S BIRTHDAY—

Messdames Herman Rummelt and  
John Fischer entertained this afternoon  
in honor of the birthday of their moth-  
er, Mrs. Swartz.New Jersey Senator  
Attacks the LeagueBy Associated Press Leased Wire  
Washington, Sept. 24.—The lives of  
American soldiers are of far more  
"than the sordid mercenary considera-  
tions which are being urged in this sen-  
ate and by international bankers  
throughout the land for the league of  
nations," Senator Frelinghuysen, re-  
publican, New Jersey, declared today  
in an address attacking the league cov-  
enant and President Wilson."The public feels," Senator Freling-  
huysen said, "that we must devote our  
energies to our own troubles and the omi-  
nous reception given the president at  
Seattle are but symptoms."  
Referring to the Shantung settlement  
Senator Frelinghuysen said the presi-  
dent "not merely tolerates, but ap-  
parently and asks us to approve a dis-  
tasteful piece of work." The president's  
"excuse," he added, is that Japan  
otherwise would not sign the treaty.  
"If it cost so much to induce Japan  
to enter, what price must be paid to  
keep her in?" he asked.Verdict for Cornell  
A case of Alber against  
Cornell late yesterday afternoon return-  
ed a verdict in favor of the defendant.  
The jury was then excused until tomor-  
row morning, there being no cases to  
come before them today.

## LICENSED TO WED

A marriage license has been issued to  
Charles M. Becker of May township  
and Miss Pauline Lauer of Sublette.

STORE OPEN WEDNESDAY EVENINGS

Theo. J. Miller &amp; Sons

ESTABLISHED 1873

down last night, did not re-open this  
morning because of shortage of men.The national works of the national  
tube company in McKeesport were op-  
erating without difficulty today, ac-  
cording to an official, while at strike  
headquarters in McKeesport it was  
stated that employees of the plant re-  
port two blast furnaces banked and  
that the pipe furnace has been shut  
down. The union men claim 2,000 men  
on strike in the works.Conflicting claims also continue to  
come from small independent plants in  
the Pittsburgh district. Many of them  
are working but few of them full hand-  
ed, according to the best information  
obtainable.

## ILL. UNIONS SUPPORT STRIKE.

By Associated Press Leased Wire  
Springfield, Ill., Sept. 24.—The Illinois  
State Federation of Labor has pledged  
its support to the cause of the steel  
workers, President Duncan McDonald  
announced today.

## WILL FIGHT IN COURTS.

By Associated Press Leased Wire  
Pittsburgh, Sept. 24.—The fight to  
uphold the constitutional rights of the  
steel workers will be carried to the  
highest courts, John Fitzpatrick, chair-  
man of the national committee for or-  
ganizing iron and steel workers de-  
clared here today. This will be one of  
the important matters to come before  
the committee which went into execu-  
tive session shortly after 11 o'clock."All matters pertaining to the strike  
that needs our attention will be taken  
up at today's meeting," Mr. Fitzpat-  
rick said. He declared that he was un-  
able to state what other problems  
would be considered.Mr. Fitzpatrick said that he would  
leave Pittsburgh tonight for Washing-  
ton where he would appear before the  
senate strike investigating committee.  
"I have wired the committee that I  
will cheerfully and voluntarily appear  
before them and give them any infor-  
mation they wish," he said.

## WARNS AGAINST VIOLENCE.

Indiana Harbor, Ind., Sept. 24.—J. E.  
Howard, secretary of the Indiana Har-  
bor council of steel, iron and tin work-  
ers today warned the 2,500 members of  
that organization that any strikers  
who resorted to violence would be ex-  
pelled from the organization."This strike can be won only by  
peaceful methods," he said, "and vio-  
lence of any sort will not be tolerated.  
If any man lays a hand on any worker  
going in or out of a plant in this dis-  
trict, his prompt expulsion from the  
union will follow. We cannot allow a  
few to jeopardize the chances of many."

## STRIKERS IN ACCIDENT.

Gary, Ind., Sept. 24.—Three men  
were fatally injured and two seriously  
hurt today when a Lake Shore and  
Michigan Southern east bound passen-  
ger train crashed into a heavy automo-  
bile truck at Bluffton, Ind., throwing  
the vehicle 50 feet into a group of fifty  
striking employees of the Universal  
Portland Cement company who were  
waiting to draw their pay checks. The  
injured men were brought to a hospital  
here.England and America  
Labor's Battlefield  
Says Leon TrotzkyBy Associated Press Leased Wire  
Stockholm, Sept. 24.—Leon Trotzky,  
the bolshevik minister of war and mar-  
ine, speaking at Petrograd recently,  
gave a detailed program of bolshevik  
military operations, saying among other  
things:"It is not in Finland or Estonia that  
the immense world combat against cap-  
italism can be fought, but in England  
and America, and above all in the far  
east."

## YEGGS GET LIBERTY BONDS

By Associated Press Leased Wire  
Emden, Ill., Sept. 23.—Robbers early  
this morning looted safety boxes in the  
Farmers' State bank here of liberty  
bonds totalling \$40,000 and escaped.  
They turned out the lock of the safe  
with a blow torch.

## LEGAL STRIKES ONLY

SAFE PROPOSITION IN  
U. S. SAY UNION MENRailroad Unions Say Mob  
Strikes Would Result  
From Cummins Bill.

By Associated Press Leased Wire

Washington, Sept. 24.—Sections of  
the Cummins reorganization bill which  
would forbid strikes by railway em-  
ployees continued to draw fire today be-  
fore the senate interstate commerce  
committee.Officials of the railroad brotherhoods  
attacked the proposals as a return to  
slavery in industry.  
"These proposals take away rights of  
citizenship from railroad men," P. J.  
MacNamara, vice president of the  
Brotherhood of Firemen and Engi-  
neers, said. "It makes serfs out of  
men."W. N. Danks, vice president of the  
Trainmen's Brotherhood, classed the  
sections "as the most bold attempt at  
bondage since the Civil war.""They strike down the last vestige of  
civil rights we possess," he said. "They  
upset all policies and principles which  
labor has secured from the government  
in the past. The railroad organizations  
might as well go out of business."Machinery provided in the bill for  
adjudicating wage disputes, he said,  
constituted "the meanest form of com-  
pulsory arbitration."

## Fears for Mob Strikes.

"You don't need to be afraid of or-  
ganized strikes in this country," he  
declared, "but you do need to be afraid  
of the unorganized, mob strikes. When  
they start, there is no way to get the  
men back. This bill simply fosters I.  
W. W.'ism and one big union move-  
ment, because it will destroy sober or-  
ganizations."

## TROOP TRAIN THROUGH

A troop train, laden with soldiers re-  
cently returned from overseas, passed  
through Dixon at 6:30 o'clock this  
morning bound for a western camp,  
where they are to be demobilized.

## MONROE CHEESE DAY

Dixonites who have registered in at-  
tendance at former Cheese Day celebra-  
tions at Monroe, Wis., have been noti-  
fied that the annual event will be held  
Thursday, Oct. 2.John O'Malley of Walton was a busi-  
ness caller in Dixon Monday.

## SUICIDE THEORY IN PURCELL DEATH IS REJECTED BY POLICE

Say Former Sterling Musician Could Not Have Tied Self.

The death of E. H. Purcell, former Sterling music teacher and orchestra conductor, and its "camouflage burglary" setting in his apartment in Chicago early Sunday morning, while his wife was visiting her sisters in Sterling, remains a mystery, according to word from Chicago this morning. Detectives who have been working on the case since the discovery of the aged man's body, gagged and bound in a chair, had only slight hopes that the examination of his personal papers would reveal any further clues as to the identity of the persons who last saw him alive.

Finger prints found on the plates of the breakfast table, on the dead man's collar, and the silver mirror were developed and examined yesterday. Thomas Purcell, the son of the dead man, and a jazz band banjo player, was taken to the identification bureau and his finger prints compared with those found in the flat. There was no similarity.

**Suicide Theory Rejected**  
Suicide was advanced during the day as a possible solution of the case, but this was put aside by Detective Sergeants William Cudmore and Tom Malloy, who examined the body before the rope which bound it to the chair was cut. In their opinion it would have been impossible for any man to bind himself as Purcell was found, with hard knots over the right and left hand. The knot over the right hand was the tightest.

The detectives believe that a last will and testament, disposing of Liberty bonds and property approximating \$500,000, will be found. A badly worn sheet of carbon paper, used by Purcell in a typewriter at his home, was found during the day. Upon examination the imprints made while writing a will were found.

**Asks to Die Alone**  
In this he expressed the following wish: "It is my hope that I die alone or among strangers, so that I will not bring distress upon those I love."

Other portions that could be deciphered were:

"Terms already expressed."  
"My impartial and affectionate solicitude for their individual well being, and will cheerfully agree to abide by this testament although informally expressed."  
"I hereby subscribe to this my last will and testament because man is born of pain."

"It is my will that my just debts be paid out of my estate, the estate intact, benefit to all concerned."  
"From my estate during her life, but with the provision that the net income above her living expenses and the her and our four children, but if my wife should marry again."  
From these words the police were unable to learn anything except that Purcell had written a will. Whether or not this will was signed and exists today can be determined only by a thorough search of safety deposit boxes in many Chicago banks.

So far as the detectives have been

ABE MARTIN.

Most of the girls that come out of beauty shops look like they had been waited on. A straight life is the best policy.

## HEWETT WILL MAKE CHANGES AT GRANDY

Dr. A. M. Hewett's Illini hall and pavilion at Grand Detour closed for the season yesterday, after one of the most successful seasons since its opening nine years ago. The hall has proven particularly popular during the past summer.

Dr. Hewett has let contracts for improvements on the grounds which when completed will add greatly to the beauty of the popular resort. An electric plant is to be installed, capable of furnishing ample light for all of the grounds. Ground has already been broken for an ice house with a capacity of about a hundred tons. Other improvements are anticipated before the place is opened next spring, but no definite plans are yet complete.

## THE BEST TEST

Is the Test of Time

Years ago Mrs. M. Y. Cox of 614 Van Buren Ave., Dixon told of good results from using Doan's Kidney Pills. Now Mrs. Cox confirms the former statement—says there has been no return of the trouble. Can Dixon people ask for more convincing testimony?  
"A short time ago my back began to bother me," says Mrs. Cox. "I had a dull, heavy pain in the small of my back and it hurt me when I stooped over or straightened up. I also had headaches and frequent dizzy spells. I used one box of Doan's Kidney Pills and they entirely removed the trouble."  
(Statement given January 22, 1915.)

NO TROUBLE SINCE

On April 28, 1918 Mrs. Cox said: "Since Doan's Kidney Pills cured me I have never had a sign of kidney complaint. The recommendation I gave for Doan's Kidney Pills in 1915 still holds good."  
50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## New Autumn Suits

Too much emphasis cannot be given the high quality of our suits

**\$25.00 to \$87.00**

TO achieve such distinction and varied style and not depart from the simplicity that continues to govern Lady Fashion denotes the finest are of tailoring and you view it skillfully incorporated into our suits for fall.

It may be only in the placing of buttons, the line or curve of a collar, a seam that has some novel treatment—but each provides the happy expression of newness and something different that is sought by all women.

We particularly ask you to critically examine the quality of the cloths and the unmistakable tailoring.

## REPRESENTATIVES OF 'OPPRESSED NATIONS' MEET IN NEW YORK

Dudley Field Malone to Preside at Protest Session.

By Associated Press Leased Wire

New York, Sept. 24.—Representatives of eight countries—Ireland, India, China, Korea, Persia, Syria, Egypt and Russia—whose governments it is alleged will be "held subject in perpetuity under the terms of the peace treaty to dominant powers" have been invited by a number of American educators, ministers, publicists and business men and women to attend a meeting here next Sunday afternoon to organize a league of oppressed peoples. Dudley Field Malone will preside.

The speakers, it was announced, will include the Rev. James G. Mythen, of Norfolk, Va.; Lala Lajpat Rai, head of the Young India movement; B. Charney Vlodeck, of the Jewish Daily Forward; the Rev. Norman Thomas, editor of the New World; Harry Boland, secretary of the Irish "republic," and Professor Carleton Hays of Columbia university.

## Troops Patrol Riot Torn Oklahoma Town

By Associated Press Leased Wire  
Drumright, Okla., Sept. 24.—With state troops walking post in the streets of this city and others standing guard in most down town buildings, the riot situation that arose out of the strike of 18 telephone operators has lessened in intensity. The troops arrived in Drumright last night.

Eleven alleged leaders of the rioting oil field workers are in jail today. Mayor Ben Nicodemus made a statement last night in which he declared that the bolshevist and I. W. W. element among the oil field workers and not his stand on the telephone was responsible for the rioting.

## DIXON PHYSICIAN ATTENDS MEETING ON TUBERCULOSIS

Dr. Edward S. Murphy, member of the Board of Directors of the Tuberculosis Sanatorium Association of this county, is in Des Moines, Ia., attending the seventh session of the Mississippi Valley Conference on Tuberculosis, which ends there today after a three day meeting. Demonstration clinics, talks on the modern health crusade, presentation of health films, and other interesting features composed the program, upon which are some of the best known people in the country, including Julia Lathrop, Owen R. Lovejoy and many others.

## Los Angeles Showered with Cloud of Ashes

By Associated Press Leased Wire  
Los Angeles, Calif., Sept. 24.—Several hundred men were drafted today to fight fires on the Los Angeles national forest. The fire had burned over 100,000 acres of timber and the front is thirty miles long. The principal fire is in the San Gabriel canyon region thirty miles from here. Ashes from it fell like snow today in all parts of Los Angeles.

Miss Josephine Watts, who has been very ill with influenza at her home, is reported to be considerably improved today.

## GARIBALDI SAYS 'WE HAVE FIUME; IT IS SETTLED'

Italian General Tells A. P. How Italians Feel About It.

By Associated Press Leased Wire

Paris, Sept. 24.—"As a nation we consider the Fiume matter settled, because we have actual possession," said General Giuseppe (Peppino) Garibaldi to an Associated Press representative here this morning. General Garibaldi had just reached Paris from Rome, coming on what was said to be an important mission from which he would go to meet Gabriele D'Annunzio, the insurgent Italian leader in possession of Fiume.

"Had D'Annunzio not gone in," continued Garibaldi, "we would have done it within fifteen days."  
"If President Wilson were moved by the right spirit," he added, "he would permit the whole question to be decided by France, England and Italy. In that case we are satisfied that our rights would be recognized, as they already are recognized by the majority of Americans, in whom Italians have absolute confidence."

**U. S. CRUISER OFF FIUME**  
By Associated Press Leased Wire  
Malta, Tuesday, Sept. 23.—(Delayed)—Rear Admiral G. P. W. Hope, R. N.,

who arrived here today, on board the British cruiser Cardiff, bringing British troops from Fiume, reports that the United States armored cruiser Pittsburgh was among the war vessels of Fiume when the Cardiff left, while the cruiser Olympia had been ordered to proceed there.

When Gabriele D'Annunzio arrived with his expedition, Admiral Hope said, his men deprived all the allied troops of their arms, not even allowing them on patrol to carry their bayonets.

## PRESBYTERIAN NOTES.

Tonight at 7:30 at the regular prayer meeting hour there will be a consideration of Sunday school interests. Short addresses will be made by several members of the church and it is desired that parents, teachers and all who have the Sunday school at heart should be present. The Woman's Missionary society will meet with Mrs. Livingston, 409 E. Third street Friday afternoon, Sept. 26, at 2:30 o'clock. Mrs. Burdick will have charge of the devotionals. Mrs. Bert Raymond will give a paper on the "Schools and Hospitals of Alaska"—a most interesting topic.

Friday evening an important meeting of the session will be held in the pastor's study in the church at 7:30 o'clock. Anyone having business with the session may transact it at this meeting. Saturday evening the Candlelighters will serve one of their good suppers and a generous support is expected. From 6 to 7:30 p. m.

Please do not ask to have classified ads charged unless they amount to \$1.00.

## DIXON PASTOR IS CALLED TO CANADA BY FATHER'S DEATH

Rev. Ernest C. Lumsden left today on the 1:19 train for Shelden, Canada, called there by the sudden death of his father, William Lumsden, which occurred this morning at 5 o'clock. Dr. Lumsden returned from a visit with his father but a few weeks ago, leaving him then in his usual good health.

Mr. Lumsden was a man eighty-eight years of age and for thirty-two years had served in the British army in India, Africa, Scotland and Canada as a major. His birthplace was Paisley, Scotland. He was a member of the Methodist Episcopal church in which he had been a faithful worker.

Dr. Lumsden, one of three children, and his mother are the only surviving members of the family. The death of a brother called Dr. Lumsden to Canada just two years ago tomorrow and a sister died a number of years ago.

## FREE THOUGHT LEADER DEAD

By Associated Press Leased Wire  
Porterville, Calif., Sept. 23.—John Eleazer Remsburg, one of the leaders of the free thought movement in the United States for fifty years, who lectured throughout the country and wrote a number of books on free thought, died here yesterday aged 71. He was for many years a resident of Potter, Kan.

# Have the New Edison for Harvest Time for the Price of a Few Records

YES, get the New Edison into your home in time for that harvest party, or have it to furnish the music and entertainment during the happy evenings of this cheerful season—we'll send it to you at once and all you have to do is to buy a few records to play it with.

Continue to play Mr. Edison's wonderful phonograph for a whole month without further thought of payment. Then start paying for the instrument on such extremely easy terms that you'll never miss the money.

## The NEW EDISON

No Needles to Change  
Even records of all other makes sound more human when played on The New Edison.

This is the wonderful phonograph, with the diamond reproducer, which was perfected by Thomas A. Edison, the world's greatest inventor. After years of endless research and tireless labor, he gave his instrument to the world and called it "Perfect."

## Put Your Faith in Edison

The genius of Edison gave you electric light, the "movies," a host of human benefits. When this same genius gives you a phonograph which he says, brings you music more true to life than ever before, can you ignore his word? Put your faith in Edison. Investigate!

## Re-Creates Music

Re-Creation of music means more than the kind of music you are used to hearing on "talking machines." It means music that is so like the living music that the ear can't tell the difference. Re-Created music!

That's what The New Edison gives you. Yes, over two million music lovers have heard the test in which Mr. Edison's Re-Creations were played side by side with the living artist and they agreed that their ears couldn't tell the difference. None but Mr. Edison has ever dared this test. Will you be satisfied with anything less?

## Come In! Select Your Outfit Now, on This Offer

Call and hear your favorite Re-Creations on the New Edison. Select an outfit and have it sent to your home on our liberal offer. Now is the time. Come in.

## WEST BROOKLYN

Henry J. Lipps was in Dixon last week and purchased a new tractor thru the Netts garage.

W. S. Argraves was here from Compton on Friday on business.

A. H. Park was here from Minonk on Friday and completed the deal in which Charles Mackin purchases the farm from Mr. Parks.

Floyd Yeom left the latter part of the week for California where he will resume his position with a telephone concern. Floyd was obliged to spend the winter here with his parents owing to being left with the marks of the flu.

Henry Walter was here from Scarborough the latter part of the week and called upon business friends.

Mr. and Mrs. Isadore Gehant motored down from Paw Paw on Thursday and spent the day with old friends and neighbors.

Joseph Kuehna had the misfortune of falling and fracturing several ribs on Friday, while removing the awnings for the winter season. The step ladder slipped from under him.

Mathias Haub left for Odeboit, Iowa, and thence to Blunt, S. D., where he will spend two weeks looking after farming interests in those localities.

O. N. Daw was in town the forepart of the week and informs us he has purchased the Richard Willey farm south of Shaw's of Mr. Shroeder at Amboy, and will occupy it the coming season.

Mr. and Mrs. John Erbes and Leroy Chacon were in the city over Sunday and visited at the home of Mr. and Mrs. Martin Wigum.

Mrs. Ida Terhug is preparing for leaving on an extended trip thru the west and will spend some time visiting in the state of Arizona.

The poultry culling date has been set for Friday, Sept. 26th, at the homes of Martin Palmbaier and Joseph Sonderother. Both demonstrations will be held the same afternoon.

Clarence R. White, eldest son of Dr. and Mrs. E. C. White, and Miss Ella Bauer, daughter of Mr. and Mrs. John Bauer, residing south of Compton, sprung a surprise on their many friends here when they were quietly united in marriage at the home of his aunt, Dr. Marion White of Dixon. Both parties were attired in traveling costumes and left immediately after the ceremony for Chicago, where they spent a week honeymooning with former friends and schoolmates.

They returned Tuesday evening and will spend the time until they can prepare a home in Oregon, visiting with their parents. Both are highly respect-

ed and loved by all and have their best wishes for a happy wedded life.

J. W. Thier motored to Amboy Tuesday where he is representing this vicinity at a meeting of the directors of the Lee county soil association.

Mr. and Mrs. Sherman Holdren spent a week in Chicago visiting at the home of her brother and family.

John Untz, Sr., and sons Henry and John, Jr., left for Wisconsin the latter part of the week where they spent a few days visiting at the home of Mr. and Mrs. Chris Webber. Chris is in the best of health and sends his regards to all of his old friends.

Mr. and Mrs. William Eggart, Jr., were here from Rockford and visited over Sunday at the home of his parents, Mr. and Mrs. Fred Eggart.

J. P. Powers was here from the vicinity of Amboy Monday caring for business pertaining to his profession as an auctioneer.

Mr. and Mrs. Frank Henkel of Henkel Station also Mr. and Mrs. Jacob Henkel, Jr., were here and spent the day, Sunday at the home of Mr. and Mrs. E. P. Henkel.

P. D. Gehant was a morning passenger for Rockford Tuesday where he will look after business interests.

Edward Oberhart was over from near Amboy calling upon business friends Tuesday.

George J. Thier made a business trip to Earlville Tuesday.

F. M. Yeom is suffering from the fracture of several ribs caused from a fall down stairs when he became confused in the darkness last Saturday evening.

Frank Henry was here from Compton Tuesday calling upon business friends. Supervisor J. W. Banks was here from Compton Tuesday looking after business matters.

Clifford Rockwood was in town Monday posting notices of his residence at Shaw's which will be sold at public auction.

J. W. Burd was here from Compton Tuesday and paid a short business visit to friends.

Mr. Husk was here from Shabbona Tuesday and called upon friends.

W. J. Long unloaded a car of tile on Monday for his trade.

Mr. and Mrs. Fred Leake and children were here from Amboy the fore part of the week and visited at the home of her parents, Mr. and Mrs. F. L. Ooster.

D. L. Abell will leave for Rock Falls with his household goods the latter part of the week where he will make his new home the boys having been employed in the paper mills.

The boys announce another big dance for the near future. The date has been set for Monday evening the 6th of Octo-

Every Dot represents ten Sales in the Delco Light Users

## More Than 75,000 Satisfied Users

DELCO-LIGHT was designed and built by men who were raised in farm homes—who experienced the discomforts and inconveniences of farm life—and who set out deliberately years ago to develop an electric plant that would provide city advantages for rural communities.

They were the same men whose engineering talent had made DELCO Starting, Lighting and Ignition Equipment for automobiles the standard of the world—

They knew electricity—and they knew the needs and limitations of farm life—

They knew that an electric plant to give service in a farm home must be simple, so that it would not get out of order and require complicated repairs—

It must be easily operated and require little attention—

It must be very economical in operation—

It must be built to stand hard usage and it must last indefinitely—

## DELCO-LIGHT

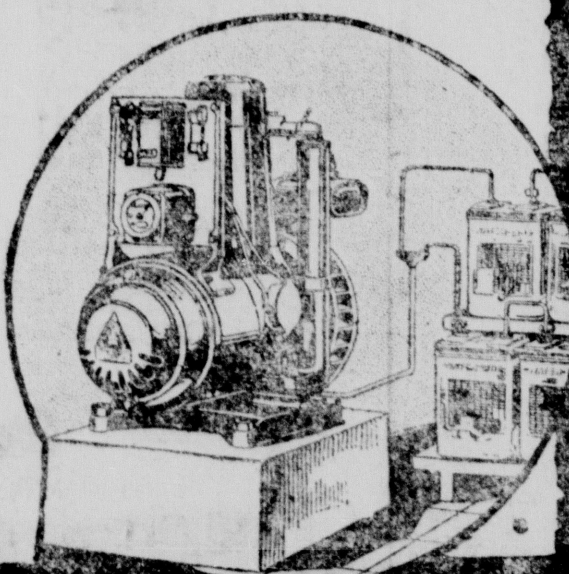

A complete electric light and power plant for farms and country homes, self-cranking—air cooled—ball bearings—no belts—only one place to Oil—Thick Plates—Long Life Battery—RUNS ON KEROSENE

## WHERE CLOTHES MAKE THE MAN AND WOMEN MAKE THE CLOTHES

Washington—When German and Bulgarian looters carried away the clothes of the Roumanian populace they did more than put a people to a temporary inconvenience; it was as if a war veteran were robbed of his uniform or a matron of her bridal gown," says a bulletin from the National Geographic Society, which tells of the Roumanians' devotion to their historic costume.

"Especially was this loss felt by women," the bulletin states, and quotes from a communication to the Society by James Howard Gore in explanation of his attachment, as follows:

"In no part of Europe do the peasants hold so tenaciously to their distinctive costume as in the uplands of Roumania. It is, in fact, almost an article of nationalism, and its unifying influence was emphasized some years ago by the Dowager Queen, when she herself put on the native dress.

"Some of the outcrops of work is almost wholly in the hands of the women. She takes the hemp and the flax from the seed to the finished garment, and deems herself fortunate if the husband plows the ground for her. As the spinning and weaving is done by the women, the clothing worn by the family are tangible evidences of the taste and industry of the women folk.

"To wear store-made clothes was until recent times a token of indolence or awkwardness on the part of the females of the family—characteristics that are the butt of most of the jokes improvised by the leader of the Sunday village dance.

"The most important thing about the costume is the fact that it is entirely made at home by hand, so that the dress exemplifies both the taste and the skill of its owner, and gives to the matron hunting swain an index to these all-important qualities.

"All who have visited Roumania have caught the vision of some of the peasant women met by the roadside. It will be recalled that they are the fairest among their neighbors and that this natural gift is most apparent under conditions best calculated for its preservation. Their dress is varied and elaborate. The foundation is a sort of shift, reaching to the ankles, the upper part embroidered with colored cotton, usually red or black. Over this is a petticoat, which, in its material and detail, reflects the taste and buying power of the weaver.

"On her head the peasant woman wears a scarf of cotton tissue with silk stripes, if her means permit, and on gala occasions she puts on a brighter ker-

chief, ornamented with a fringe or a row of spangles.

"Both men and women seem partial to having their heads covered, even to the house; but it is not regarded as proper to eat without removing the hat."

### PENN CORNERS

Remember the preaching services at the Corners next Sunday morning.

Mr. and Mrs. Edward Nettz and daughter were business callers in Dixon on Saturday afternoon.

Mr. and Mrs. T. N. Cunningham and daughter and granddaughters were Wednesday callers at the Harry Conley home.

Mr. and Mrs. George Huffman, well known here, but now residing in Woodstock, were saddened by the death of their infant son, Charles Jewett. The body was brought to Dixon for burial.

Miss Nellie Ambrose returned last Tuesday from a few days' visit with friends in Leaf River.

Mr. and Mrs. Grover Coffman went to Polo Sunday to attend the funeral services of the late Mr. Lane, formerly of that city, but who, at the time of his death, resided in Iowa.

Mrs. Harry Powell and daughter, Mrs. Lois Cunningham and daughter returned Saturday from Freeport where they were guests at the home of Mrs. O. E. Price for a few days while attending the celebration there. Mrs. Orpha Starnes and daughter, Mrs. Helber Stuff, were also guests of Mrs. Price.

Mr. and Mrs. Leslie Scott and daughters enjoyed a chicken dinner with East Jordan friends on Sunday.

Mrs. Drenner, who has been assisting

Mrs. Edward Nettz with her household, returned to the Weed Jones home on Sunday.

Mrs. Frank Everley is visiting with her sister in Iowa.

Amos Bosworth, of Dixon, called at his farm here several days the past week.

Mrs. Jewett Huffman, of near Dixon, was a weekend caller at the home of her sons here.

## URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your Back hurts or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jals Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

●Jals Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

ROWLAND BROS. CORNER DRUG STORE.

## Burns Stop The Pain Instantly

No aches, no blisters if you use this simple home treatment immediately. Get a 10c bottle of vasoline and a package of Ma-oz Antiseptic Powder from your druggist. Melt the vasoline and stir into it a heaping tablespoonful of Ma-oz Antiseptic Powder; return to the bottle and allow to cool.

Apply this ointment immediately after being burned and cover with a soft cloth to avoid aches and blisters. It will surprise you with the marvelous quickness of its action.

Ma-oz should be in every medicine cabinet. It is the safe, sensitive and quick healing agent. It contains the most powerful germ-killer known to medical science as harmless to human tissue. A 50c package makes 25 pints of the best liquid antiseptic. Three sizes 25c, 50c and \$1.00. Get it.

Everyone Should  
Drink Hot Water  
in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

●Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish taste, which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

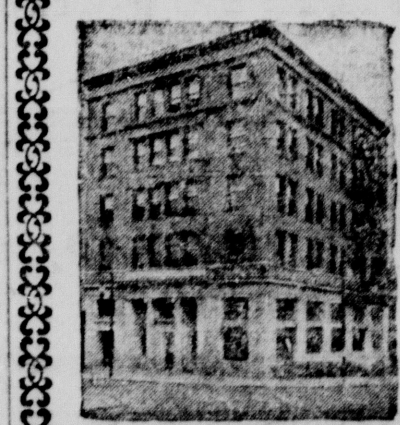

●To feel like young folks feel: like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## MANY DOCTORS FEAR

## ANOTHER "FLU" EPIDEMIC

No cure has been discovered for the dreaded insidious Spanish Influenza, and many of the most prominent doctors fear an epidemic of the "Flu" during the coming fall and winter months, as bad, if not worse, than the one last winter.

The high percentage of deaths during the recent "Flu" epidemic alarmed the doctors, and medical science has tried unceasingly to discover the cause of "Flu," but without avail. Bacteriologists, chemists and laboratory experts all over the world are anxiously trying to search out the cause and find a serum that will prevent contagion.

The great death toll that resulted from the "Flu" was greater than the losses of the American army during the World War. It carried away the young and old, the weak and strong, yet was most dangerous to those who seemed to be in vigorous health, young men and women who looked strong and well enough to resist any disease.

That "Flu" is very contagious has been proved conclusively. The Kansas State Board of Health has decided to isolate all "Flu" suspects if an epidemic occurs this fall and winter. Many other states are getting ready to fight the "Flu" should it break out again. Doctors generally believe that it is caused by germs that are carried by the breath into the nose and throat, and then get into the blood through the tonsils, stomach and intestines.

But even the doctors frankly admit that they do not know what causes the "Flu," and that it is one of the most treacherous and deadly diseases with which they have to contend.

The "Flu" is not only dangerous to life during the illness period, but it seems to leave the entire body weak and enervated; the head swims, the nervous system is affected and frequently it affects the heart, kidneys and other organs of the body. The "after effects" are often worse than the disease itself, and hundreds of thousands of people are still feeling the weakening, enervating effects many months after they have had the "Flu."

There is only one way of safeguarding yourself against the danger of the "Flu" contagion and to overcome the "after effects."

The "Flu" is a germ disease that affects the blood and poisons it, affecting every part of the body. Without oxygen you cannot live. Oxygen is the life giver, the health restorer. If there is not a sufficient supply of revitalizing, germ destroying oxygen in the blood, if the red blood cells are not rich in iron and the cell suits that the cells of the body must have to maintain health and strength, then the body becomes sick.

That's why so many young men and women, who looked the picture of health, succumbed so quickly to the "Flu."

They may have looked well but did not have the life-giving oxygen, iron and cell-salts in their blood to keep them well and enable them to resist disease.

Pure, healthy blood, vitalized with oxygen, rich in iron (which draws oxygen into the blood from the air in the lungs, just like a magnet draws steel) and supplied with the cell-salts that nourish and rebuild the cells of the body, will resist disease, destroy disease germs, burn up the impurities and eliminate them from the system.

Reolo, the remarkable formula discovered by Dr. A. L. Reusing, increases the amount of oxygen in the blood, rapidly increases the number of red blood cells and supplies the iron and cell-salts that nature requires to maintain health and rebuild the cells that the daily work tears down.

Healthy blood makes a healthy body, and Reolo makes the blood healthy. Therefore it is only sensible to keep your blood healthy, vitalized with oxygen, iron and cell-salts, not only to prevent "Flu" contagion, but to restore the strength if you are suffering from the "after effects" of the "Flu."

Reolo oxidizes the blood and sends through the entire body a stream of rich, healthy red blood, that revitalizes every cell of the nerves, tissues, brain and bones. It makes healthy blood that enables you to resist disease, renews the worn out tissues, tones up the heart and nervous system and restores health and vitality.

If you are thin, rundown and feel tired all the time; if you have headache, dizziness or suffer from pain; if you are pale and anemic, nervous, restless, sleepless or are suffering from weakness and loss of strength and energy, try a package of Reolo, the remarkable discovery of Dr. Reusing, that gives renewed strength and energy, revitalizes the blood with life-giving oxygen, and the iron and cell-salts that your blood must have to restore and maintain health.

Reolo is sold under the Positive Guarantee that if it does not help you, increase your strength, and make you feel better than you have for years, your money will be returned on request.

Reolo is not expensive. The package of 100 tasteless tablets, sufficient for two weeks' treatment, only costs \$1.00.

REOLO is sold in Dixon by Sterling & Sterling, Licensed Distributors for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

## CLOSING OUT SALE

The undersigned having rented a farm in Minnesota, residing on the W. F. Schell farm, about 4 blocks south of the Northwestern depot, will sell at public auction on the premises on

**WEDNESDAY, OCTOBER 1, 1919**

the following described property to-wit:

## GIRL SHOPLIFTERS APPREHENDED HERE; ARE GIVEN LIBERTY

Two strange young women who told the officers they were here making a house to house advertising campaign for perfumes, were arrested last evening when they were apprehended "lifting" a box of expensive face powder at the Sterling & Sterling pharmacy. They were taken to the police station, but the proprietors of the store declined to prosecute when their property was returned to them, and accordingly the girls were given their freedom but were advised to leave Dixon—and incidentally to henceforth purchase such face powder as they may need.

## POTATOES.

See our store prices before buying. BOWSER FRUIT CO. 22312

Had Operation—Mrs. Frank Sutterlin submitted to a serious operation at the Dixon hospital this morning.

## CORN ROSE BUT BROKE AGAIN ON OVERBUY TODAY

By Associated Press Leased Wire  
Chicago, Sept. 24.—Persistent buying on the part of commission house and shorts brought about a material advance early today in the value of corn. The fact that offerings were scarce tended to stimulate demand. Besides, receipts were small, and there was continued attention to gossip that producers were systematically curtailing shipments. Opening prices, which varied from unchanged figures to 1c higher, with Dec. 1.28½ to 1.28½ and May 1.25½ to 1.26, were followed by gains all around.

Oats reflected the strength of corn. After opening ½c off to ½c up with Dec. 70½ to 70½, the market sagged a little, and then scored a general advance.

Provisions were dull but firmer. The upward slant of prices was ascribed to upturn in the grain market. Subsequently, a sharp break took place as a result of the market becoming over bought. Profit-taking sales found the market without adequate support. The close was heavy ¼c to 2c net lower, with Dec. 1.26½@1.27½, and May 1.23½ to 1.24.

## Chicago Livestock.

By Associated Press Leased Wire  
Chicago, Ill., Sept. 24.—Hogs receipts 13,000; unevenly steady to 25c lower; heavy 16.50@17.75; medium 16.75@18.00; light 17.00@18.00; light light 16.00@17.50; heavy packing sows, smooth 16.00@16.50; packing sows rough 15.25@15.75; pigs 15.00@16.25.  
Cattle receipts 13,000; firm. Beef steers medium and heavy weight choice and prime 15.25@17.75; medium and good 10.75@15.25; common 8.25@10.75. Light weight good and choice 14.00@17.75; common and medium 8.00@13.75. Butcher cattle heifers 6.50@14.75; cows 6.25@13.35. Canners and cutters 5.35@6.25. Veal calves 20.25@21.50. Feeder steers 7.00@12.25. Stocker steers 6.25@10.00. Western range steers 8.00@15.00. Cows and heifers 6.25@13.00.  
Sheep receipts 41,000, firm. Lambs 12.50@15.50; culls and common 8.00@12.25. Ewes medium, good and choice 6.25@7.25; culls and common 2.00@5.75; breeding 7.00@13.00.

## Chicago Produce.

By Associated Press Leased Wire

## BRITAIN FACES A RAIL STRIKE

By Associated Press Leased Wire  
London, Sept. 24.—Because of the situation created by the presentation to the government today of an ultimatum by the railway men in which a strike was threatened, a full meeting of the cabinet was called to be held this afternoon to consider the situation.

The executive body of the railroad men, it was declared by J. H. Thomas, the general-secretary of the national union of railway men, has unanimously decided to declare a strike at noon, Friday, unless a settlement offer from the government is received meantime.

## Blind Soldiers to Read Popular Novels

By Associated Press Leased Wire  
Washington, D. C., Sept. 24.—Irvin S. Cobb, Thomas Nelson Page, Booth Tarkington and Zane Grey are among a number of American authors who are paying the cost of having their own works prepared in raised type for reading by blind American soldiers.

## JOHN D. GIVES TWO MILLIONS TO MINISTERS

By Associated Press Leased Wire  
New York, Sept. 24.—John D. Rockefeller today contributed \$2,000,000 to the ministers and missionary board of the northern Baptist convention. No restrictions are made as to the use of the principal and income, which will be expended to take care of indigent Baptist ministers of the northern states.

Is Very Ill—Clair Schrock, son of Mr. and Mrs. Vernon Schrock, is very ill at the Dixon hospital. He recently submitted to an operation for appendicitis.

## MANHATTAN CAFE TO NEW LOCATION

Frank Nagle, proprietor of the Manhattan restaurant will soon move his eating house to the store room on the corner of Galena avenue and Commercial alley, formerly occupied as a grocery store, and the work of repairing and overhauling the building will start at once.

The interior and exterior of the building will be repainted and redecorated. The interior of the main store room will be completely overhauled and when completed will present a very neat appearance. Mr. Nagle also anticipates installing considerable new furniture but has not decided upon this additional improvement.

## TRUNKS TWO YEARS REACHING CAPTAIN

Capt. T. S. Murray of DeKalb yesterday received one of two trunks which had been following him for over two years. The trunks, the second of which the Captain expects to show up in a few days, have been following him ever since he left the states for overseas service over two years ago. They con-

## PADDOCK OFF FOR TRIAL

Forrest Paddock, Ashton's star baseball pitcher, went to Chicago yesterday morning where he will report to Manager Gleason of the Chicago White Sox. Paddock pitched a 13 inning game against the Chicago Giants last Sunday at DeKalb, winning by score of 3 to 2, and striking out 14 of the opposing batters. Scouts from both the Chicago White Sox and Cubs were present and watched his performance. Paddock may be given a tryout by the Sox manager this fall.

## FIRST JURY CASE

A jury was selected in circuit court yesterday to hear the case of Jacob Albert against Albert Cornel, a former tenant on one of the Alber farms in Palmyra township. H. A. Brooks is appearing for Alber and John E. Erwin for the defendant.

## Police Recover Half of Big Payroll Steal

By Associated Press Leased Wire  
Chicago, Sept. 24.—Police search for the \$113,000 still missing from the \$234,000 stolen at Whiting, Ind., from a Chicago federal reserve bank shipment to the Standard Oil company of Indiana continued today. The three men under arrest, John S. Wejda, clerk in the Chicago post office, and Lea and Walter Filipkowski, stuck to their original story, the police said, that the money was abandoned in the outskirts of Chicago when their automobile broke down.

More than \$93,000 of the stolen funds was recovered with the arrest yesterday of the Filipowski brothers and two safety deposit boxes rented by members of the Filipowski family yielded \$22,000 more. Five thousand dollars was found in a mattress in Wejda's home.

William Webber of Compton was in Dixon yesterday on business.

## Staples, Moyer &amp; Schumm MORTICIANS

Funeral Directors . . . Lady Assistant  
Private Chapel . . . Auto Ambulance.  
Phones Office—676 82 Galena Ave
